- We ask our crew and guests to maintain a six foot distance from others while occupying indoor common areas

CLEANING/CREW

- Crew health screenings are regularly conducted
- PPE is made available to all crew members at all times
- Our crew is trained on the latest COVID-19 safety protocols

OUR 5 STEP CLEANING PROCESS

Step 1: Prepare

- Ventilate the space before and during cleaning, when possible
- Wash or disinfect your hands

Step 2: Clean

- Sweep, vacuum, dust, and/or mop areas before sanitizing
- Wipe down hard surfaces with soap and water

Step 3: Sanitize

- Spray high-touch surfaces in each room with hospital-grade disinfectant spray
- Let the disinfectant stand for the length of time specified on the product label
- Allow the surface to air-dry

Step 4: Check

- Refer to each room-by-room checklist to make sure that all areas are cleaned and sanitized between each stay

Step 5: Reset

To help prevent cross-contamination, it's important to finish cleaning and sanitizing a room before replacing items for the next guest. Make sure to:

- Wash your hands before replacing guest supplies and linens
- Safely dispose of, or wash, cleaning supplies and protective gear
- Don't re-enter a room once it's been sanitized

All Jolli-Lodge linens are professionally laundered off-site to the highest industry standards
